

# Deep Core Energy

Care For Your Mitochondria

The Mitochondria is essential to energy, focus, vitality, metabolism and over all health. And yet, most of us have no idea how our Mitochondria work. When the energy of your cells drop, you begin aging and your body becomes at-risk for chronic disease. Each cell has its own power generator—you can think of it as a battery—called Mitochondria.

**Deep Core Energy** supports your body's quadrillions of "energy factories", your Mitochondria, so you can perform at your peak. Do not underestimate the power of your Mitochondria. These tiny factories in each of our cells turn the food we eat and the oxygen we breathe into vital energy.

## Are You Ready to Embark on a Mitochondrial Makeover?

- Increased intracellular NAD+
- Boost in cellular energy production
- Promotes youthful vitality
- Increased concentration and mental clarity
- Enhanced efficiency of the Mitochondria
- Immune System Boost & overall well-being

## SUPPORT YOUR CELLULAR NAD+ HEALTH

Scientists have made incredible progress in understanding how cellular health works in the last 25 years, and one thing they've learned is that a molecule called NAD+ is extremely important. It's indispensable for life, and levels decline as we age. Now it's possible to get more cellular NAD+ with **Deep Core Energy**.

NAD+ is a coenzyme that your body naturally produces. This coenzyme plays a role in many different systems throughout your body, including maintaining **muscle tone and function**, encouraging **healthy cell growth**, counteracting **tissue damage**, and reversing damage to your mitochondria.

**NAD+ repairs and lengthens telomeres**, the protective caps at the end of your DNA, which slows how quickly your body ages. The natural level of NAD+ present in your body decreases over time. Certain factors can accelerate this process, including stress, sleep problems, environmental factors, and drug use, to name a few.

Boosting NAD+ in your body can help improve your health in many ways. NAD+ may help **improve your metabolism** and **combat age-related concerns**. It may also improve **cognitive function**. Early studies are promising for NAD's role in reversing **neurodegenerative issues** such as Alzheimer's.

NAD+ boosting in the Mitochondria is so effective because **it is an essential molecule in the body's core energy-making mechanism**. Without NAD+ you would die within minutes. By supplementing with **Deep Core Energy**, which supports **increased production of NAD+**, you can support the overall health of the body in areas such as:

- Fatigue & Metabolism
- Athletic Performance & Recovery
- Anti-Aging & DNA Repair
- Cognition
- Fights Neurodegenerative Issues
- Reduces Cardiovascular Disease
- Diabetes Risk
- Alleviate Drug & Alcohol Withdrawal

## Support For:\*

- ✓ Energy & Fatigue
- ✓ Cognition
- ✓ Mental Energy
- ✓ Immune System
- ✓ Focus & Concentration
- ✓ Quick Thinking
- ✓ Neurodegenerative Issues
- ✓ Muscle Strength, Power & Endurance
- ✓ Training Intensity
- ✓ Methylation
- ✓ Increased Metabolism
- ✓ Weight Management
- ✓ Anti-Aging
- ✓ Cardiovascular Support
- ✓ Drug & Alcohol Withdrawal

## WHAT IS NAD+ AND WHAT DOES IT DO?

(NAD+) is a tiny molecule found in every cell of the body. It is one of the most **important players in glycolysis and the Krebs cycle, the body's energy production processes**. During a complex series of molecular reactions that convert food energy and stored fat into usable energy for cells, NAD+ becomes NADH. To cycle back into energy production, NADH needs to be converted back to NAD+ and the **Deep Core Energy** supports this ongoing needed conversion.

If the body's equilibrium is thrown off-balance, energy-generating NAD+ can become depleted. Not only does this impact energy levels, but it is detrimental to long-term health. **Deep Core Energy** supports the reverse of the negative effects of NAD+ depletion. **Deep Core Energy** supports the body's production of an ample supply of NAD+ to fuel energy processes and maintain optimal cellular health. NAD+ **turns nutrients into ATP** (the energy currency of each cell). Second, it **works with proteins to carry out essential biological processes** such as:

- DNA Repair
- Mitochondrial Function
- Maintaining Chromosomal Integrity
- Gene Expression
- Epigenetic Modifications
- Posttranslational Modifications
- Calcium Signaling

## DEEP CORE ENERGY FORMULA ANALYSIS

**Deep Core Energy** features a unique synergistic design of nano nutrients that all focus on enhancing Mitochondrial function from many different angles. The result is a broad-spectrum **Mitochondrial booster**, with additional complementary support for other pathways involved in cell energy production at the most fundamental level.

**Deep Core Energy** targets and optimizes cell energy-producing Mitochondria.

**Deep Core Energy's** support starts with core fundamentals – compounds that are absolutely required for the process of energy production. It includes cofactors that are needed for the body to turn macronutrients – fats, carbs, and proteins – into the ATP energy that powers our lives. The idea of metabolic tuning and cell energy efficiency that **Deep Core Energy** promotes could be a breakthrough concept with far-reaching potential that go way beyond the typical mental alertness and physical vitality benefits you would expect from a traditional energy booster supplement. **Deep Core Energy's** primary benefit is whole-body cell energy enhancement. It helps unleash revitalizing feelings of energy that are unlike the “dirty” energy spikes (and subsequent crashes) of stimulants driven by energy boosting formulas.

Instead, **Deep Core Energy** is a clean lift; a steady, sustained surge of energy that starts at the most fundamental cellular level and radiates out to encompass every system in the body. The result? Energizing benefits that you can feel:

- In your mind (mental energy, focus, concentration, quick thinking)
- In your body (muscle strength, muscle power, endurance, training intensity)

Underneath are additional benefits that you can't feel, such as energy efficiency that might make it easier to shed pounds and maintain weight loss, as well as, core support for energized performance of high-energy organs, such as the brain, heart, and lungs.

**To sum up its benefits, Deep Core Energy boosts the vitality that you need for superior performance in both body and mind, while boosting energy that is also needed for healthy overall function.**

# Nanoceuticals

## Why Use Nanoceuticals?

The dual nature of our body can make health and wellness elusive. Two requirements must be met to be healthy. Both biochemical and biophoton support. (food & instructions)

Biochemically we require nano-sized physical nutrients. Our cells use these nutrients for all biochemical processes and as tiny building blocks. Every biochemical reaction is preceded by an electromagnetic signal, or biophoton. Cells communicate and deliver information between each other via biophotons. They orchestrate trillions of chemical reactions that take place every second. Without these biophotons the body would be an inanimate object.

Just as a contractor needs both building materials and a blue print to construct a house, your body needs nutrients and proper instructions to be healthy. BioLight Nanoceuticals contain both the needed nutrients in a special nano-sized cell ready form, and coherent information packed biophotons with instructions to help regulate proper cellular activities. Nanization is the molecular process that breaks down herbal compounds into nano-sized phytonutrients to facilitate superior absorption beyond any other nutrient delivery system.

BioLight Nanoceuticals are used by those who want health and wellness. Anything else is less than half a solution. Support all of you, your whole self with the only biophoton infused nano-nutrients available.

## Biophotons

- ✓ Cellular communication
- ✓ Healthy bioenergetic blueprint
- ✓ Promotes Proper DNA regulation

## Cell Ready Nano-Nutrients

- ✓ 100% Bio Absorption
- ✓ 100% Bio Available
- ✓ Cellular absorption within minutes
